Arab Organization for Industrialization

Introducing

For over 50 years, we have been offering our customers functional design, high-quality products and reliable service.

ATICO FOR WOODWORKING

About Us

The factory is one of the factories wholly owned by the Arab Organization for Industrialization.

The factory is located on an area of 30 acre in the geographical scope of the city of Abu Zaabal and on a facade that extends 700 meters on the Cairo Ismailia Green Road.

The factory was established in 1978 under the name of the Arab Company for Wood Industries (ATICO) with Egyptian-Saudi investment.

The ownership of the factory was transferred to the AOI in 1998.

Kitchen Designs

Our collections reflect the diverse tastes and needs of our customers, offering something for every lifestyle and space. Tailored for every taste – From timeless classics to bold new trends, we craft our range to suit every style.
